For our members, staff and guests, security and safety are our #1 priority. Therefore, BGCCLC have adopted a Physical Violence policy on physical violence and menacing behavior. It is not our intention or goal to easily dismiss any of our members, staff will make every attempt to properly communicate with any of its member to resolve issues that may arise. Staff will use suspensions and expulsions only as a last resort. Staff is responsible for making a report of *any* behavior, verbal or non-verbal that they have witnessed which they regard as threatening or violent; regardless of the relationship between the individual who initiated the threat or threatening behavior and the person(s) who were threatened or were the focus of the threatening behavior. Incidents will be documented and placed in the member's file.

F. MEMBER DISCIPLINARY POLICY

Progressive Behavior

In the instance where member behavior is not in alignment with code of conduct or other club policies behavior interventions should be used. Staff should begin by meeting with the member and discussing the behavior that should change.

If the behavior does not change, the Unit Director should be notified regarding the continued behavior.

Progressive Behavior Intervention is as follows:

- Verbal warning
- 1 day suspension
- 3 day suspension
- 5 day suspension

There may be conduct violations that are so problematic or harmful that the most effective action be the temporary removal of the member from the Club. V. SUPERVISION OF MEMBERS

A. MEMBER SUPERVISION POLICY

BGCCLC recognizes that monitoring and supervision are critical functions of abuse prevention and provide protection to members, staff, volunteers, and the club itself. When interactions are monitored, allegations of abuse or wrongful acts are more easily and accurately investigated and resolved.

The purpose of this policy is to develop procedures and practices that minimize the risk of abuse or accidental injury to children and members while they are participating in club sponsored events, protects staff from mistaken or groundless allegations, reduces BGCCLC's liability, and builds guardians and volunteer confidence in our programs.

To ensure the safety and well-being of all members, this policy applies to all staff that work with or supervise club members. Adherence to these will ensure fairness and consistency in protecting our members and staff.

a. Staff to Member Ratio

Club activities should be under continuous supervision by a staff member and should maintain reasonable ratios when supervising youth. The maximum ratio should be based on an activity and location.

Maximum Ratios by Type	Staff	Youth
Drop-in / Gym	1	20
Instructional	1	20
Day Trips	1	12
Overnight	1 (with minimum of 2 adults present)	10

D. BATHROOM ACTIVITIES

a. Monitoring Club Bathrooms

- i. In to minimize horseplay and inappropriate behavior in the bathrooms, members must ask permission before using the bathrooms, so that staff and volunteers know who is going to the restroom and when. When possible no more than 1 person of each gender should be allowed to go to the bathroom per group.
- ii. Club staff and volunteers should randomly and periodically monitor bathrooms to ensure that members are not lingering there. It is important that staff and volunteers periodically check restrooms in order to identify quickly any issues which may arise.

Staff and volunteers should use staff-only bathrooms. When staff-only bathrooms are not available, staff should ensure that the restrooms are not being used by members at the same time.

E. ADMINISTRATION VISITS TO THE CLUBS

Directors and other club leadership must regularly visit all club programs to ensure that all activities are well-managed and that Club policies are observed by all in attendance. It is recommended that these visits be unannounced when possible.

F. MEMBER RELEASE AND MONITORING

BGCCLC has the highest regard for the safety of our members. Even when all precautions are properly observed, emergencies can still arise. Therefore, the purpose of this policy will be to take every opportunity and every attempt to carry out the daily preventive procedures to ensure the security of the club members is maintained at all times.

a. Procedures Aimed at Reducing Risk

When opening up the Club at the beginning of the Program Session, staff will make sure of the following:

- Unapproved adults/adults not listed on member form shall not be allowed to pick up member.
- Any strangers found to be lurking around will be brought to the attention of the Unit Director
- Staff is to be constantly aware of where members are within the building.

Staff should know the number of members in their area at all times. As a group moves from one area to another, they should count the number of members in their group to assure an accurate count.

G. MEMBER PICK UP PROCEDURES

Staff is responsible for ensuring members are picked up by individuals who are authorized to pick up each member by checking a photo ID and comparing that to the list of authorized persons in the member tracking system.

Members picked up after closing time will be assessed a late charge of \$1 per minute. Members picked up more than 10 minutes late will also be assessed an additional penalty of \$20. After 15 minutes late, we will contact the police and/or CYFD.

BGCCLC has implemented a physical-contact policy that promotes a positive, nurturing environment while protecting members, staff, and volunteers from misunderstandings. The following guidelines are to be carefully followed by all staff and volunteers working with youth:

<i>Appropriate Physical Interactions</i>	<i>Inappropriate Physical Interactions</i>
<ul style="list-style-type: none">• Side hugs• Shoulder-to-shoulder or “temple” hugs• Pats on the shoulder or back• Handshakes• High-fives and hand slapping• Verbal praise• Pats on the head when culturally appropriate• Touching hands, shoulders, and arms• Arms around shoulders	<ul style="list-style-type: none">• Full-frontal hugs• Kisses• Showing affection in isolated area• Lap sitting• Wrestling• Piggyback rides• Tickling• Allowing a member to cling to an employee's or volunteer's leg• Any form of affection that is unwanted by the youth or the employee or volunteer• Compliments relating to physique or body development• Touching bottom, chest, or genital areas• Any sexual relationship or sexual contact with members. <i>Engaging in sexual relations with a member is a serious violation and the police will be notified</i>

E. VERBAL INTERACTIONS

Staff and volunteers are prohibited from speaking to members in a way that is, or could be construed by any observer, as harsh, coercive, threatening, intimidating, shaming, derogatory, demeaning, or humiliating.

BGCCLC policies for appropriate and inappropriate verbal interactions are:

<i>Appropriate Verbal Interactions</i>	<i>Inappropriate Verbal Interactions</i>
<ul style="list-style-type: none">• Positive reinforcement• Appropriate jokes• Encouragement• Praise	<ul style="list-style-type: none">• Name-calling• Discussing sexual encounters or in any way involving youth in the personal problems or issues of staff and volunteers• Secrets• Cursing• Off-color or sexual jokes• Shaming• Belittling• Derogatory remarks• Harsh language that may frighten, threaten or humiliate youth• Derogatory remarks about the youth or his/her family

F. ONE ON ONE INTERACTION

Most abuse occurs when an adult is alone with members. BGCCLC aims to eliminate or reduce these situations and prohibits private one-on-one interactions unless approved in advance by BGCCLC administration. Any contact or relationships with a member outside of the workplace including visits, letters, and phone calls are prohibited.

G. OUTSIDE CONTACT

Many cases of organizational abuse occur off-site and outside of regularly scheduled activities. This contact outside of regularly scheduled activities may put staff, volunteers, and BGCCLC at increased risk.

BGCCLC prohibit staff from having outside contact with members from the club. However, if off-site contacts are unavoidable, BGCCLC has determined that the following forms of outside contact are appropriate and inappropriate:

<i>Appropriate Outside Contact</i>	<i>Inappropriate Outside Contact</i>
<ul style="list-style-type: none">• Taking groups of members on a sanctioned outing• Attending sanctioned sporting activities with groups of members	<ul style="list-style-type: none">• Taking one member on an outing• Visiting in the member's home• Entertaining members in the home of a staff or volunteer• Members spending the night with a staff or volunteer.

H. GIFT GIVING

Many child abusers groom youth by giving gifts, thereby endearing themselves to the youth. They may instruct the youth to keep the gifts a secret, which then starts teaching the youth to keep secrets from guardians.

When program staff interacts with members, staff is in a position of trust and power. These relationships must not jeopardize the effective functioning of BGCCLC by the appearance of either favoritism or unfairness in the exercise of professional judgment. Staff members are expected to be aware of their professional responsibilities and to avoid actual conflict of interest, favoritism or bias.

For these reasons, BGCCLC has a strict gift giving policy. Staff and volunteers should only give gifts to groups of members, and only under the following circumstances:

- Administration must be made aware of and approve the gift.
- Guardians must be notified.

I. SOCIAL MEDIA

While social media sites have proven to be useful tools for connecting people and sharing information with a broad audience, the power and permanence of these sites is something that needs to be carefully considered. BGCCLC operates several social media sites and uses them to help establish a brand identity and disseminate important and timely information. Posts are carefully crafted with the reputation of the agency and intended audiences in mind. A member of staff may have personal social media accounts, while these are set up under each individual's name, the lines become blurred when individuals mention BGCCLC in various types of posts, connecting/friending/following anyone associated with BGCCLC, and listing BGCCLC as an employer.

Staff and volunteers are prohibited from communicating with members via social media, texting, email or other forms of electronic communications.

J. REPORTING INAPPROPRIATE BEHAVIORS OF STAFF TO MEMBER CONTACT

Because BGCCLC is dedicated to maintaining zero tolerance for abuse, it is imperative that every staff and volunteer participate actively in the protection of each member. In the event that staff and volunteers observe any suspicious or inappropriate behaviors on the part of other staff or volunteers, it is their personal responsibility to immediately report their observations. Remember, the policies apply to everyone.

All reports of suspicious or inappropriate behavior with members will be taken seriously. BGCCLC procedures will be carefully followed to ensure that the rights of all those involved are protected.

- Violation of the abuse prevention policies described above
- Seeking private time or one-on-one time with youth
- Making suggestive comments about members

- Report the behavior to the Unit Director. If the behavior is about the Unit Director, contact the Director of Operations or the CEO

b. Unit Directors Response

In the event the Unit Director receives a report of suspicious or inappropriate behaviors or policy violations from an employee or volunteer:

- Unit Director advises the person who reported the behavior that the report is being taken seriously.

- Director of Operations and Unit Director determine if staff should be suspended pending decision and proceed accordingly
- Director of Operations contact CEO to discuss the behavior and suspension decision.
- CEO communicates with the Board Chair and BGCA safety reporting regarding the alleged behavior.

c. Director and Leadership Response

In addition to the above response procedures, supervisors and administrators should ensure the following:

- Determine the immediate needs of the victim.
- Ensure that the incident has been reported to local law enforcement.
- Suspend the accused and remove from access to the members.
- Review the file of the accused.
- Gather and document information surrounding the incident.
- If authorities do not request that the Club take no action, proceed with an internal investigation.

The purpose of this policy is to ensure the safety of all staff and members.

D. FAMILY DISCLOSURE POLICY

In order to avoid real or perceived family influence, conflict of interest, or inappropriate relationships with club members, BGCCLC provide that all relationships involving members or a member's relative outside of club sanctioned activities be disclosed. Staff that engages in such a relationship, whether platonic or intimate, must accept responsibility for assuring that it does not result in a conflict of interest or raise other issues of professionalism.

For the purpose of this policy, relatives are defined as spouse, domestic partner, daughter, son, grandparents, sister, brother, cousins, mother/father-in-law.

a. Possible reasons for Disclosure

There may be times when:

- Staff may have an intimate relationship with a guardian or other relative of the member.

E. VISITORS

Our members represent the bright future of our community and hold our hopes for a better nation. However, they also represent the most vulnerable members of society. Assuring their safety and applying the highest level of integrity to all of our practices has enabled the BGCCLC to remain a trusted and valued community institution. As such, maintaining and continuing to build trust requires daily attention to all of our practices and procedures.

Therefore, for the purpose of visiting staff, facility, or members, everyone who is not presently employed by BGCCLC or otherwise not authorized to be on Club property or at a Club sponsored program must receive approval by the Club Manager.

When members enter our facility, guardians can have the assurance that each staff and volunteer has undergone comprehensive background screening or is being escorted by a staff member while in the facility.

- The guardian must provide a photo ID to check a member out.
- If a guardian needs to speak with staff regarding programs or events, the front desk should gather the information and convey the message to the Unit Director to address.

Through critical examination of the club facilities, inspections identify and record hazards for corrective action. A regular inspection is an important part of a good occupational health and safety program. BGCCLC maintains a board led safety committee comprising of board members and others in the community who have expertise in the areas of safety which may include fire fighters, law enforcement, building officials and others.
